

Not just another search engine

UNIVERSITY

Looking for:

- Improved decision making (data-driven insights)
- Streamlined processes & increased efficiency
- Identify and understand industry partners

Research Impact helps to:

- Simplify the process (direct grant & industry matches, dashboard, workflow management)
- Targeted and proactive partner/researcher matches for projects
- Save time and resources (comprehensive tool acts like a database)

COLLEGE

Looking for:

- Talent development (internal and external)
- Access to talent (understanding sector needs)
- Accelerate adoption of technology

Research Impact helps to:

- Simplify the process (direct grant & industry matches, dashboard, workflow management)
- Targeted and proactive partner/researcher matches for projects.
- Save time and resources (comprehensive tool acts like a database)

INDUSTRY

Looking for:

- Access to talent and resources
- Engage and maximize partnership opportunities
- Accelerate your R&D capabilities

Research Impact helps to:

- Simplify the process (direct grant & industry matches, dashboard, workflow management)
- Targeted and proactive partner/researcher matches for projects
- Save time and resources (comprehensive tool acts like a database)
